Brief:

To create an agile learning environment that will be shared between the P7 year group to support their active learning and teaching style while supporting the varying needs of all pupils. Formation of a variety of seating options that reflect the moodboards created by the pupils.

What The Staff Want:

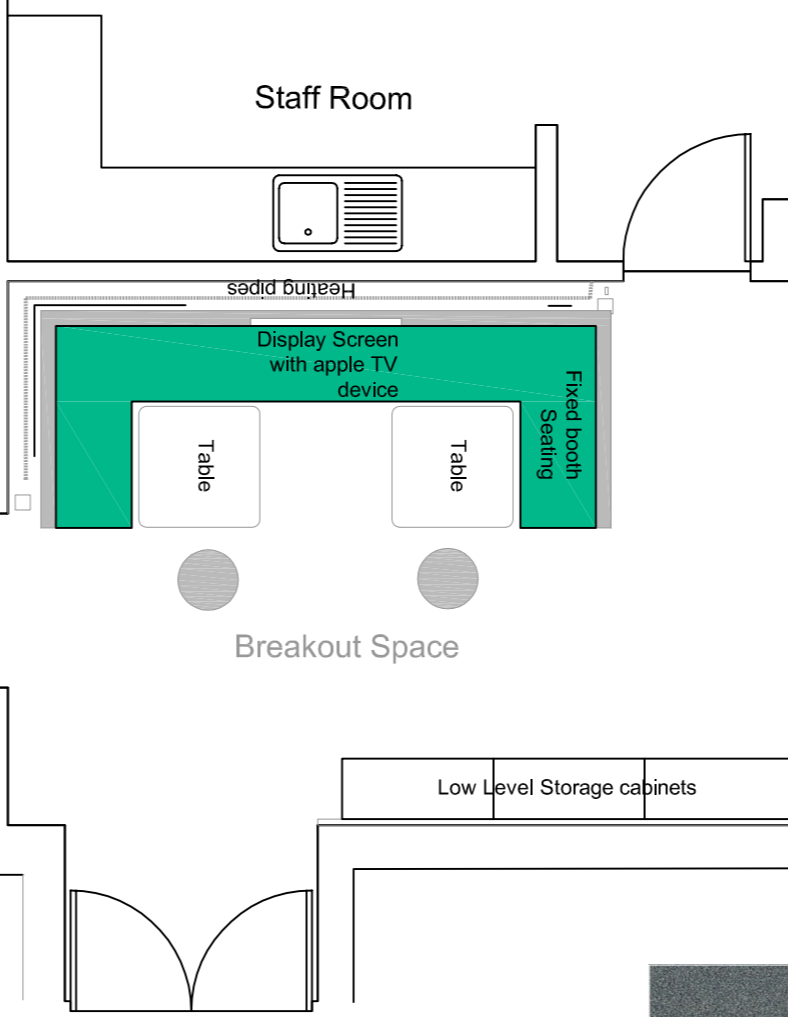

New Approach to traditional furniture. Reduction of standard desks and chairs. Flexibility through use of mobile and agile furniture solutions. Three levels of seating options, floor, seated and standing / high stools.

Areas for group work, individual work, collaboration, quiet spaces.

New approach to display of work through technology / digital display.

Calming environment with inspiring furniture and appropriate levels of colour injection.

What the pupil want: Comfortable chairs, sofas, beanbags, moveable furniture, iPad stations, calming space, ability to change space to suit activities and group sizes. Writeable surfaces. Different areas to create variety of environments to work in. Colour. New Technology
