Proposed Site Plan

Access paths from Malbet Park and Mount Vernon Road upgraded and links provided through the site

In addition to existing tennis courts, volleyball and mountain bike trail which are being retained, external sports facilities will include; a new 3G synthetic rugby and football pitch, a new grass recreation area that can be lined for football or other sports activities and an informal basketball area

Bays for Bus and Taxi Drop Off / Delivery and Refuse Vehicles

The car parking facilities for the new community campus will include a proportion of EV spaces as well as motorcycle parking.

Existing trees to be retained

Existing tree belt to be retained

Separate pupil, staff and visitor cycle parking including stands for adaptive bikes to support all ability cycling.

Existing access road upgraded and improved

Disabled parking spaces will be provided in close proximity to the main entrance of the new community campus and GP surgery entrance.

Existing sports block retained

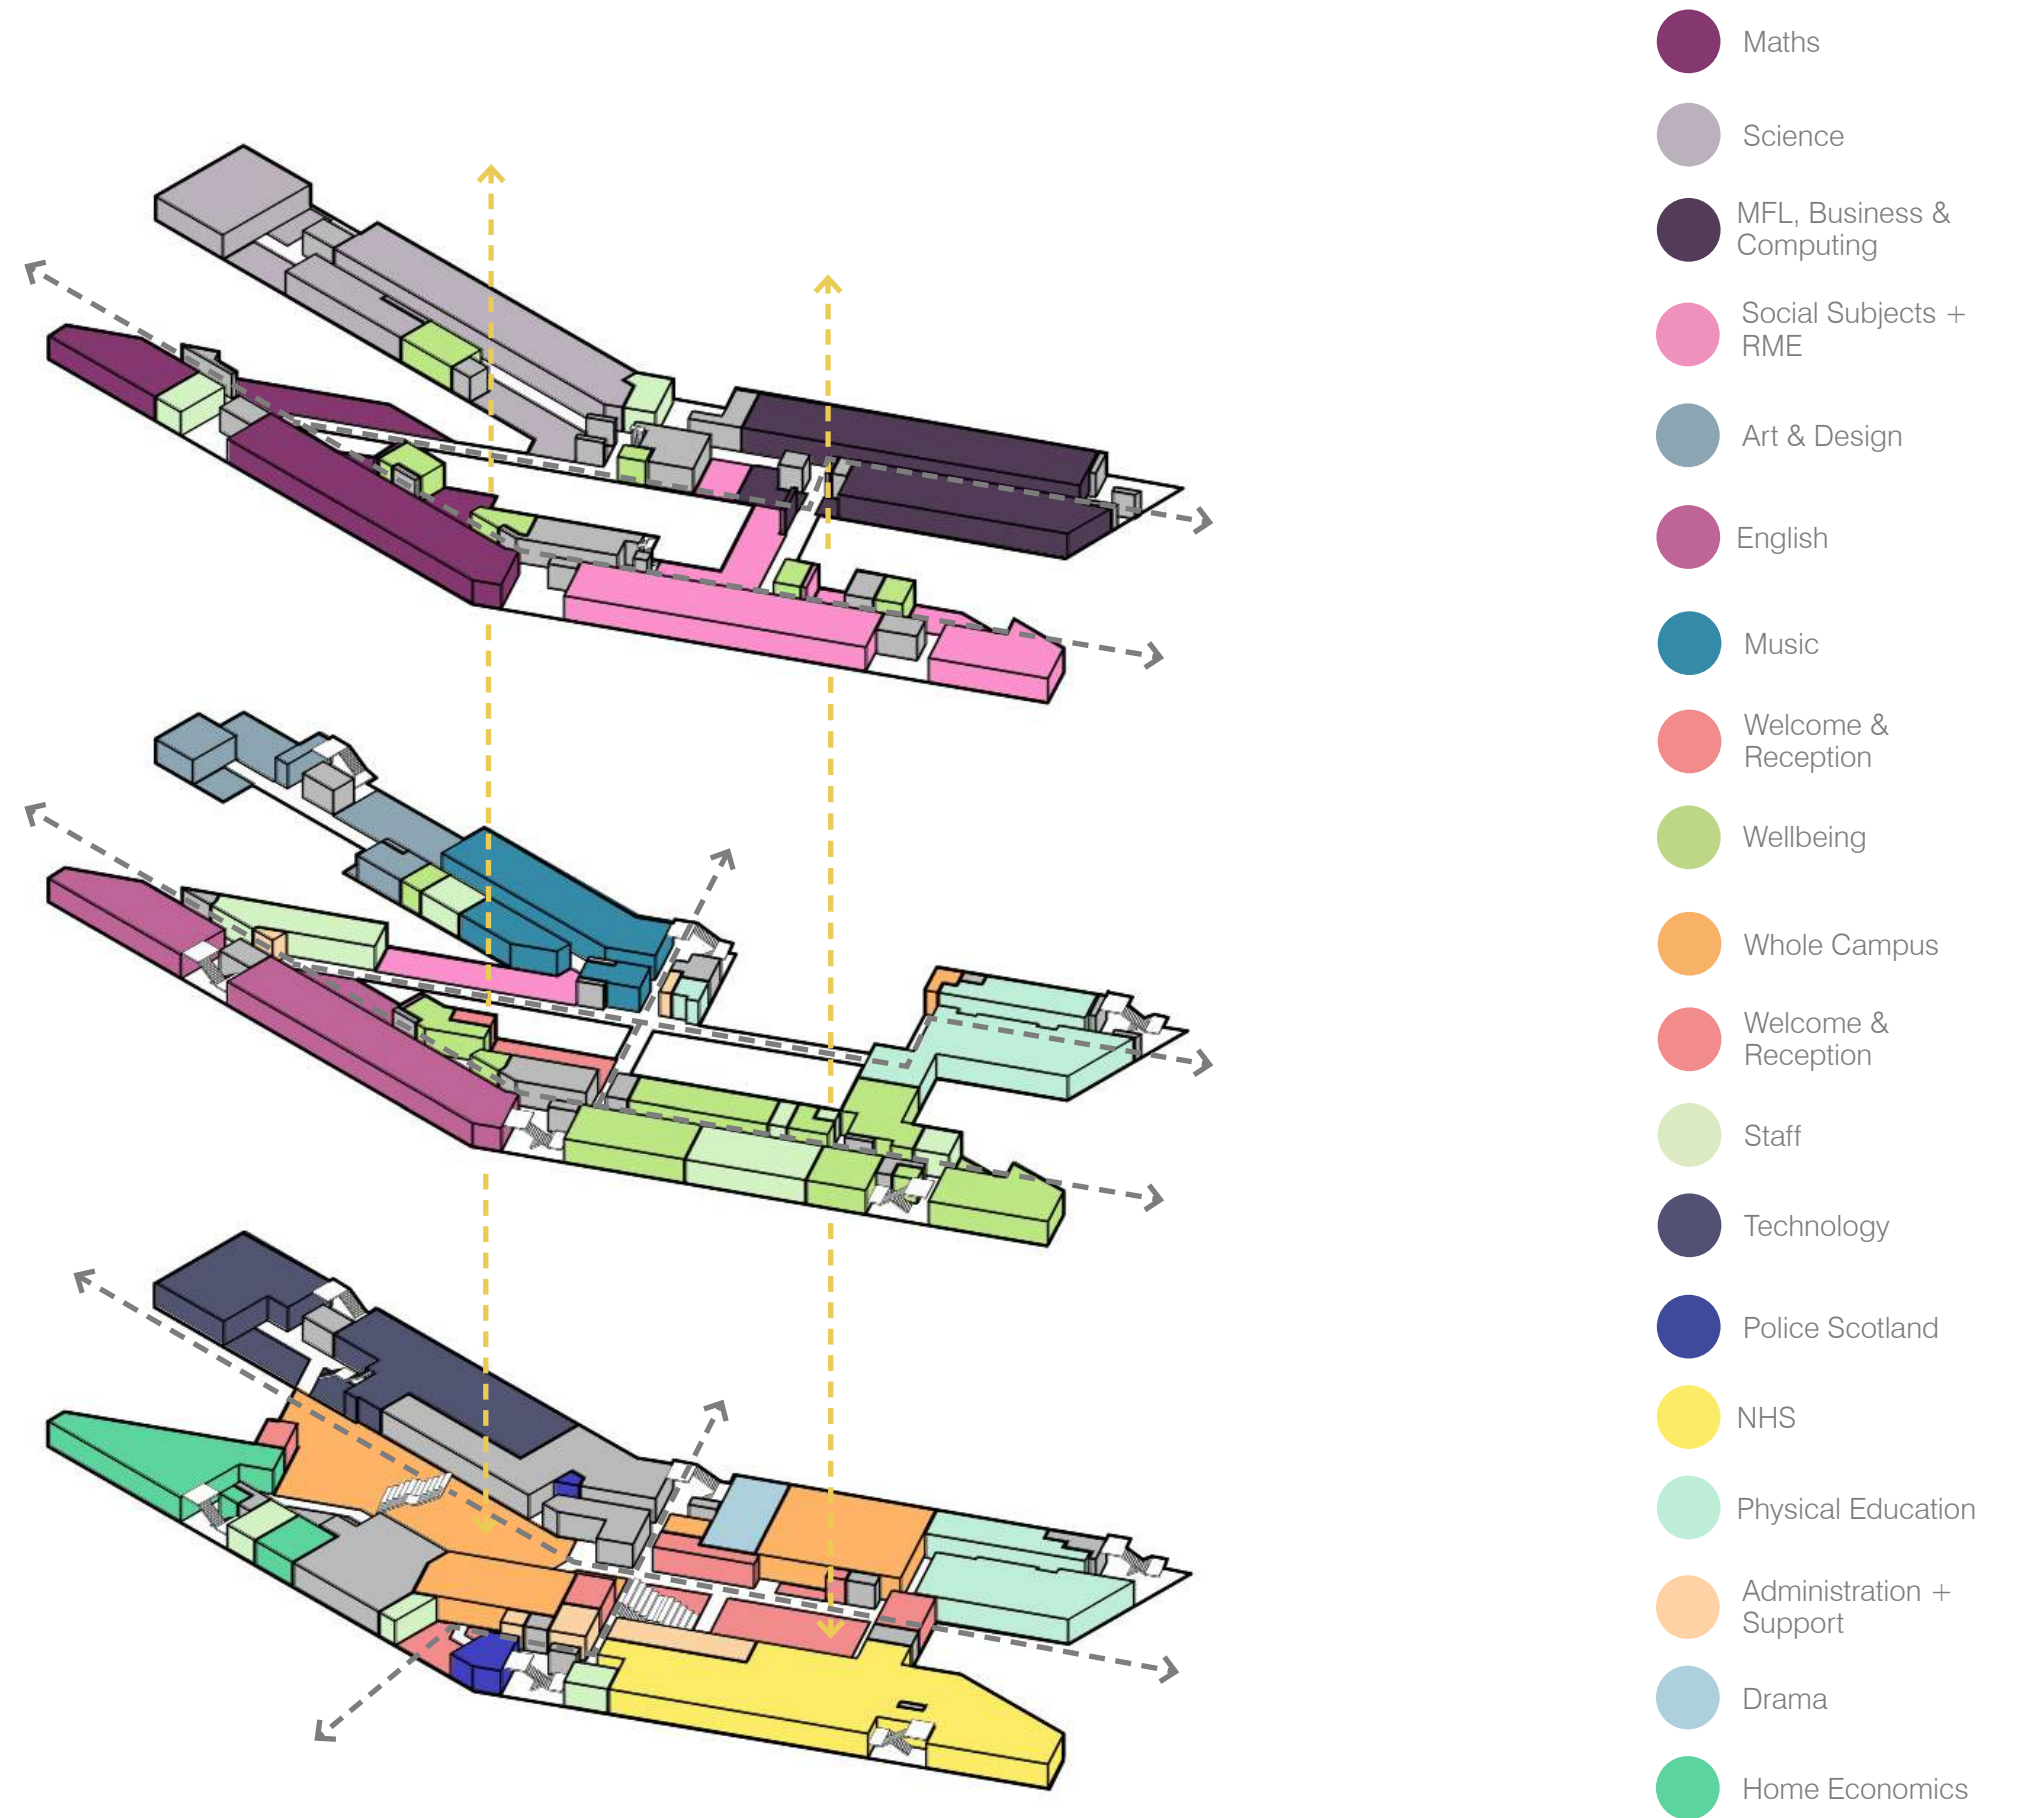

Existing memorial garden retained.

New shelterbelt planting
